Mr. I. M. Schannep, who has made one of the best Treasurers this county ever had, has decided to not make the race again. He says there are others, he understands, who wish to make the race for this office, and as he has had one term and fully appreciates what his many friends have done for him, he has about concluded to step out of the way and help some other fellow out instead of helping himself. Mr. Schannep has made a good official and the REPUBLICAN believes he could get the nomination and be elected if he wishes to stay in. However he is doing the kindly act by giving some one else a chance.

For sale—An excellent milk cow for sale. Inquire B, this office.

Henry Jacobs has another new automobile. That part is all right but people are not going to be satisfied till Henry gets so he can run one himself.

Alf Heineman has his new "mobile" house completed and his machine is living at home now. Charlie Mason is also building a new "mobile" house. He has built it back from the street about a hundred feet and the neighbors are waiting to see him back out the first time. He can't say much because its right by the windows of the Baptist church.

Apple prospect here is the best for years. Won't have many peaches but lots of cherries and pears.

The First National Bank of Versailles, Mo.,

was recently approved by the Government as a United States depository for postal savings funds.

A good congregation turned out last Sunday morning to hear Rev. Herr at the Presbyterian church and they heard a fine sermon. The Presbyterians think more of their pastor and his good wife all the time and if they ever want to leave, its going to be hard for them to get away. They are getting lots of strings tied to them.

Dan Williams got thoroughlyaked Saturday night trying to get a fox chase, with the usual results. Dan's best fox hound got drowned chasing a rabbit and those he has would not catch a good healthy fox in a hundred years unless he ran to a steel trap.

Arthur Petty raised more potatoes than anybody around here last year. He is going to try for another record this year.

Cow Pasture.

First class clover and timothy pasture with good water. \$7.50 for season, May 1st to Nov. 1st, or \$1.50 a month, payable in advance. Ap-

Versailles Fire Brick & Clay Co.

The Methodist meetings are moving along in good shape. They have good attendance at each service. Rev. Heiler is preaching splendid sermons. It seems he would catch out after awhile but instead he seems to grow better and looks like he might keep on for a year. The singing is also very good and much appreciated by all church goers.

Mr. B. O. Smiley is traveling for Kinseman Publishing Co., of Louisville. He will cover Central Missouri.

An Announcement Party.

One of the society events of the season and one of the most pleasant entertainments, was the reception given by Mrs. D. E. Wray Tuesday afternoon to some of her numerous lady friends, who, enjoying themselves all afternoon at her splendid home and partaking of a splendid luncheon, all went home saying that an entertainment like that made life worth living. Those present were: Mesdames Woods, Legere, Crewson, Yarnell, Popper, Beale, Hardy, jr., White, and the Misses Irene Petty, Lorene Petty, Cora Hubbard, Mary Hubbard, Linda Heineman, Mary Beale and Maud Blair. In addition to the pleasant time all had, there was about all and above all a sort of tingling of wedding bells, foretelling the coming marriage of the pretty and amiable young daughter of the home, Miss Roma, to Mr. David M. Dobbins of Kansas City. The announcement was made at luncheon and the date given for the happy event, May the 27th.

Messrs. Dick and Palmer, of Chicago, are here this week trying to get our people interested in a Creamery proposition. They say with our territory and blue grass Versailles is splendidly located for such an institution. There is no question but what a creamery would be of great advantage to this city and county. In Northern Illinois, Michigan, Wisconsin, etc., where creameries are plentiful, the country is said to be more prosperous than any place in the whole country. The farmers not only have a continuous income but as a further result the land is built up until much of it is worth today from \$200 to \$300 per acre.

The Hirsch Wholesale Co. are rushing their goods into the big Odd Fellow building this week and will soon be sending them out all over the country. This company is a heavy institution and will carry a large stock, which must prove a great convenience to the retail merchants all over this part of the country.

A good thing for our roads happened when John E. Price was appointed manager of this special district for he is making his work count. For a few dollars he has put the Walker hill in better shape than its been for years. He is now putting in a concrete culvert at the Will Schaper place, which is badly needed. These little substantial improvements are what counts.

Mrs. Chas. Bahney, of Ft. Scott, Kansas, is visiting her sister-in-law, Mrs. Mel Schannep this week. Mrs. Bahney has been making an extended visit east and is now on her way home.

Versailles can certainly be proud of its orchestra. No better music is furnished anywhere. It is composed of C. W. Kivanaugh, clarinet and leader, Miss Beatrice Kinloch, piano, Miss Perle Dresie, violin, Carrol Kindle, cornet, Ed Williams, trombone, and C. W. Dresie, drummer and everything else that has to be played. Traveling men and strangers never fail to compliment their playing.

Crewson & Harrison are sending off some clay to be tested this week. People on the outside are continually hearing of Morgan county's clays and asking for samples.

MRS. HARRIET M. STOVER.

Mrs. Harriet M. Stover, one of our oldest and most respected citizens, who died at her home in this city, Apr. 16th, after a lingering illness, was born in Peon., Oct. 6th, 1831. She was married to Geo. H. Stover, Apr. 23rd, 1847. To them were born five children, of whom three survive her as follows: Mrs. Annie Walter, Mrs. Geo. Decker and Mrs. Ada M. Nelson. Her late husband, Maj. Stover, died at Versailles, May 5, 1897. They came to Versailles in 1866 and resided where they died, about all the time since. Mrs. Stover was a member of the Methodist church, having joined soon after coming here. She was well loved by those who knew her best. Funeral services were conducted by Rev. Hesler at the church, April 19, at two o'clock p. m. He paid a splendid tribute to the life of the deceased, who will long be missed by the citizens of Versailles.

Ready to wear dresses, both white and colored, see

The Republican state convention meets in St. Louis this week and will probably be quite a lively meeting. Four delegates at large to the Chicago convention are to be selected and the question is whether they shall be Taft or Roosevelt delegates. The Colonel has been gaining ground rapidly lately, four states that have recently held primaries, Illinois, Pennsylvania, Nebraska and Oregon, all have gone to him. The sentiment over the country seems to be growing Rooseveltian more and more and he now has a strong chance of winning out at Chicago.

Mr. Carl Beall, of Alton, has been visiting in Versailles recently. He likes this town and while all parts of the town look good to him, he seems to be mostly interested in the north end of the burg.

A Few Prices From Price, Lutz and Price.

100 lbs. best cane sugar	\$6.35
14 lbs. best cane sugar	1.00

2 lbs California prunes	.25
6 lbs flake homony	.25

THESE ARE JUST A FEW OF OUR BARGAINS.

Bring us your produce. We pay top of market, cash or trade.

PRICE, LUTZ AND PRICE

Mr. and Mrs. Kintner are working on their property in Cloverhurst and getting ready to build. They have some very fine lots.

Jimmie Cox is quite sick in West-lawn but we are glad to know that he is some better.

Mr. and Mrs. Salmon and daughter, Miss Young, left La Pryor, Tex., for Versailles Tuesday, 23rd. They will make stops at San Antonio and Clinton, Mo. Its too bad that they all left Wes just as onions are getting right to hoe. It will be impossible for Mrs. Moore to do all that work.

The Jefferson Guards at the Fair broke more hearts than they did heads.

Dr. Ephraim Brownfield, of this city, and Miss Della Thixton, of Fortuna, were married this week at Fortuna. We have not yet learned any of the particulars.

Mr. W. A. Duncan is with us again. W. A. says he is interested in land here, but it rather looks like he is more interested in Versailles. Its all right, we like to have him with us and some of our best people won't make a fuss if he stays all the time.

A woman hater is a man whose vanity has received a severe shock at the hands of one.
